

IEEE/ION POSITION, LOCATION AND NAVIGATION SYMPOSIUM (PLANS)

2023 Partner Program

► Dates and Location:

April 24-27, 2023
Hyatt Regency Monterey
Monterey, CA

► Description:

The Position Location and Navigation Symposium (PLANS) is a biennial technical conference. Our mission is to provide a forum to share the latest advances in navigation technology. This conference is jointly sponsored by the IEEE AESS and ION.

Twenty-four half-day technical sessions are offered over a three day period. At the technical sessions scientists, researchers and engineers from around the world present their latest work in the field of navigation. The presentations range from fundamental research, to applications, to field test results. The topics include sensors, systems, optimal integration of multiple sensors, and novel or emerging technologies used in the field of navigation. Tutorials and a commercial exhibit are also offered at this conference.

► Audience:

More than 300 elite technical professionals in positioning, navigation and timing.
